

Welfare ZERO Van

100% ELECTRIC

The groundbreaking Welfare Zero Van from Welfare Hire is the epitome of eco-friendly innovation in mobile welfare facilities. Designed with the environment and sustainability at its core, this 100% electric van sets a new standard for the industry. Offering zero emissions and silent operation, it aligns perfectly with net-zero goals, significantly reducing CO2 emissions. The van is not just environmentally friendly but also ULEZ compliant, making it an ideal choice for urban projects and areas with strict emission regulations.

The Welfare Zero Van is ingeniously crafted to provide superior comfort and convenience for up to 7 individuals. It features an array of amenities including a separate canteen/welfare area, an electric flush WC with a 25-litre cassette, dual washbasins, and a kitchen equipped with a sink, microwave, and water heater. The van ensures a comfortable and productive environment for its occupants with additional conveniences such as 12V & USB sockets and LED PIR lighting, making it an exceptional choice for teams requiring mobile welfare facilities without compromising on environmental values.
